

Ideation Phase

Define the Problem Statements

Date	19 September 2022
Team ID	PNT2022TMID08893
Project Name	Estimate the crop yield using data analytics
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Estimate the crop yield using data analytics:

Problem Statement (PS)	I am	I'm trying to	But	Because	Which makes me feel
PS-1	Farmer who needs a way to understand and predict climatic conditions	Find a way to decide what to grow and when to grow	Need knowledge in seed sowing with proper guidance and quality monitoring	Agriculture faces increasing problems with extreme weather conditions	With the help of this project we can estimate the better crop yield
